#### **Ordinance 563 – Single Use Plastics – First Reading**

Ms. Merritt made a Motion, seconded by Dr. Rexing to approve the first reading of Ordinance 563 – an Ordinance regulating and prohibiting the use of single-use plastic bags, expanded polystyrene food service products and single-use plastic utensils by commercial establishments.

Discussion: Joshua Damaree from the Environmental Commission explained the desire for the Ordinance. There was a public meeting for all businesses and residents regarding the proposed Ordinance on May 15<sup>th</sup>. Most were relatively supportive, and concerns were addressed. One of the changes was to push back the enforcement date to January 1, 2026 to accommodate businesses to get the proper supplies. The Township will get signage out to all stores. This only applies to retail businesses for plastics provided at the time of the sale. Added language was added as our two dry cleaners have their textiles cleaned and bagged outside of the Township, and that is still permissible.
